

**NEVADA COMMISSION FOR THE RECONSTRUCTION OF THE V&T RAILWAY
("V&T Railway Commission")
Agenda Report**

Date Submitted: 11/14/24

Meeting Date Requested: 11/20/2024

Time Requested: 10 Minutes

To: NEVADA COMMISSION for the RECONSTRUCTION of the V&T RAILWAY Commissioners

From: David Peterson

Subject Title: Discussion and possible action regarding proposed Contract #FY25-C004 with Wood Rodgers, Inc. for on-call and required annual inspection services and reports for the US 50 bridge crossing, all culverts along the alignment, Tunnel No. 2, slopes and ditches and the Overman Embankment, for a not to exceed amount of \$7,550.00 effective through June 30, 2025 – **David Peterson** (admin@vtrailway.com)

Staff Summary: *If this Contract is approved, Wood Rodgers, Inc. will perform inspections and reports at the following cost: the US 50 bridge crossing up to \$1,450; all culverts along the alignment up to \$1,900; Tunnel No. 2 \$1,550; slopes and ditches and Overman embankment up to \$2,200; and one V&T Commission meeting per year for a lump sum of \$450.*

Type of Action Requested:

Resolution

Ordinance

Formal Action/Motion

Other (Specify) Presentation Only

Recommended Board Action: I move to approve the contract as presented.

Applicable Statute, Code, Policy, Rule or Regulation:

Fiscal Impact: \$7,550

Supporting Material/Attachments: 20241120 VT Item 9 Wood Rodgers ON-Call Contract Proposal; 20241120 VT Item 9 FY25-C004 Wood Rodgers, Inc. On-Call Testing & Inspection Services Contract

Prepared By: Cheryl Bailey, Executive Assistant

WOOD RODGERS

November 7, 2024

Nevada Commission for the Reconstruction of the V&T Railway

David Peterson, Chairman
PO Box 1711
Carson City, Nevada 89702

RE: Proposals for On-call Testing and Inspection Services

Dear Mr. Peterson,

Pursuant to your request, Wood Rodgers, Inc. is pleased with the opportunity to provide this proposal for on-call inspection services for the V&T Railway infrastructure. For the preparation of this proposal, we have reviewed the past inspection records for the items listed below. Wood Rodgers has a history of conducting inspections for Tunnel No. 2, the Us 50 bridge, the slopes and culverts, and the Overman embankment.

It is our understanding that the scope of work will include the required annual inspection and observation and reports for the following components:

- The US 50 bridge (G-2898) crossing (maintenance Level Inspection only)
- All Culverts along the alignment
- Tunnel No. 2 (maintenance level inspection only)
- Slopes and Ditches
- The Overman Embankment

SCOPE OF WORK

US 50 Bridge Crossing

- Perform annual maintenance level inspections.
- Document and report any visible maintenance issues.
- **Limitations:** This inspection is strictly for maintenance purposes. No structural observations or evaluations are expressed or implied. The Nevada Department of Transportation (NDOT) performs an in-depth bridge inspection on a bi-annual basis. The next anticipated inspection is 2025.

Culverts Along the Alignment

- Inspect all culverts for blockages, damage, and general condition.
- Provide detailed reports on the condition and any maintenance needs.

Tunnel No. 2

- Conduct a thorough inspection of Tunnel No. 2.
- Report any visible maintenance issues and any signs of wear or damage.
- **Limitations:** This inspection is strictly for maintenance purposes. No structural observations or evaluations are expressed or implied.

Slopes and Ditches

- Inspect slopes and ditches for erosion, signs of instability, and drainage issues.
- Provide recommendations for any necessary maintenance or repairs.

Overman Embankment

- Inspect the Overman Embankment for signs of erosion, signs of instability issues, and overall condition.
- Document findings and recommend any required maintenance actions.

In addition, Wood Rodgers is available for emergency response to geotechnical issues such as storm damage or other unforeseen events.

LIMITATIONS

- The proposed scope of services does not include engineering implementation of maintenance recommendations or the preparation of construction documents. Wood Rodgers is not a railroad engineering design firm and explicitly excludes design and railway operations services from our proposal.
- The inspection of the US 50 Bridge Crossing and Tunnel No. 2 is limited to maintenance observations only. No structural observations or evaluations are included in this scope of work.
- The services provided are observational and do not include any form of structural analysis or engineering assessment.
- Any findings or recommendations are based solely on visual inspections and do not guarantee the structural integrity or safety of the inspected components.

REPORTING

- Detailed reports will be provided for each inspected component, highlighting any maintenance issues and recommended actions.
- Reports will include photographic documentation where applicable.
- Records of the annual inspection would be kept in a consolidated fashion in Wood Rodgers' files as well as being transmitted to the client within 30 days of completion of the fieldwork.

SCHEDULE

- Inspections will be conducted annually, with reports submitted within 30 days of the inspection date.

PERSONNEL

Wood Rodgers supervisory personnel for the field work would be as follows:

- Justin McDougal, P.E., Geotechnical Engineer
- Jim Koch, CEM, Senior Geologist/Construction Testing Manager
- Joseph Toth, P.E., Geotechnical Engineer

PROPOSED FEES AND CONDITIONS

It is assumed that the client will make available the railroad contractors high rail vehicle (and driver) or other suitable vehicle for access to perform culvert inspections or potentially for emergency response activities. We propose to perform the engineering inspection services described for a not to exceed (NTE) fee of \$7,550. Wood Rodgers understands that the contract period is to extend until June 30, 2025.

A breakdown of cost by task is as follows:

- The US 50 bridge crossing NTE \$1450
- All Culverts along the alignment NTE \$1,900
- Tunnel No. 2. NTE \$1,550
- Slopes and Ditches and the Overman Embankment NTE \$2,200
- One Commission Meeting per year Lump Sum \$450

Our fees will be invoiced on a time and materials basis which will include a Senior Geologist, Geotechnical Engineer(s), and testing equipment. Any “extra work” including meetings, emergency responses or other work outside of the described scope of work will be completed in accordance with our current fee schedule. Written authorization will be required to exceed the amounts stated above for “extra work.”

Wood Rodgers can start the work within seven to ten working days upon verbal or written authorization.

These fees are valid for a period of 60 days from the date of this proposal. Our services and any additional services required would be provided in accordance with the attached Exhibit A *Wood Rodgers Invoicing, Payment & Liability Policies*, and Exhibit B *Wood Rodgers Standard Fee Schedule* or a mutually acceptable contract of the clients choosing. A final invoice will be submitted following delivery of the report. If unanticipated field conditions are encountered which require an increase to the not-to-exceed amount, we would not proceed with a modified scope of services amount without obtaining your verbal (and subsequent written) authorization.

EXECUTION OF CONTRACT

Please carefully review the contents of this proposal and the attached exhibits. If they meet with your approval, execute the contract by signing below. We will then endorse the document and return one fully executed copy to you. Alternatively, a contract of your choosing, which is mutually acceptable to both parties, can be substituted.

Should you have any questions regarding this proposal, or if we may be of further service, please contact the undersigned at your convenience. Thank you for the opportunity to provide geotechnical services for the V&T Railway through the Commission.

Sincerely,

Wood Rodgers, Inc.

James Koch
Associate, Senior Geologist – Geotechnical

Justin McDougal, PE
Associate, Senior Engineer

WHEREAS, no contract or agreement concerning the duties, responsibilities and/or Scope of Work by or between the Contractor and the Commission presently exists; and

WHEREAS, the Commission desires to retain the Contractor for on-call and annual inspection services and reports for the US 50 bridge crossing, all culverts along the alignment, Tunnel #2, slopes and ditches and the Overman Embankment; and

WHEREAS, the Contractor is desirous of serving the Commission as its on-call Contractor for the provisions of inspection services described above; and

WHEREAS, the Commission and Contractor agree that Contractor shall be compensated for all services rendered as herein below set forth; and

WHEREAS, it is deemed that the service of Contractor is both necessary and in the best interests of the Commission.

NOW, THEREFORE, in consideration of the aforesaid premises, the parties mutually agree as follows:

1. **CONTRACT TERM.** This Contract shall be effective as noted below, unless sooner terminated by either party as specified in *Section 7, Contract Termination*.

Effective from:	Upon approval of the Commission, expected to be November 20, 2024	To:	June 30, 2025
-----------------	--	-----	----------------------

2. **NOTICE.** All communications, including notices, required or permitted to be given under this Contract shall be in writing and directed to the parties at the addresses stated above. Notices may be given: (a) by delivery in person; (b) by a nationally recognized next day courier service, return receipt requested; or (c) by certified mail, return receipt requested. If specifically requested by the party to be notified, valid notice may be given by facsimile transmission or email to the address(es) such party has specified in writing.

Contract #:	FY25-C004
Solicitation #:	

3. **SCOPE OF WORK.** The Scope of Work is described below, which is incorporated herein by reference:

DESCRIPTION OF SCOPE OF WORK:
Contractor will provide services as outlined in the attached document labeled: Proposals for On-call Testing and Inspection Services

4. **CONSIDERATION.** The parties agree that Contractor will provide the services specified in *Section 3, Scope of Work* at a cost as noted below:

Total Contract or installments payable at:	Please see attached document labeled: Proposals for On-call Testing and Inspection Services
--	--

Total Contract Not to Exceed:	\$7,550
-------------------------------	---------

The Commission does not agree to reimburse Contractor for expenses unless otherwise specified in the Scope of Work or incorporated Attachments (if any).

5. **BILLING SUBMISSION: TIMELINESS.** The parties agree that timeliness of billing is of the essence to the Contract and recognize that the Commission is on a Fiscal Year. All billings for dates of service prior to July 1 must be submitted to the Commission no later than the first Friday in August of the same calendar year. A billing submitted after the first Friday in August, which forces the Commission to process the billing as a stale claim pursuant to NRS 353.097, will subject Contractor to an administrative fee not to exceed one hundred dollars (\$100.00). The parties hereby agree this is a reasonable estimate of the additional costs to the Commission of processing the billing as a stale claim and that this amount will be deducted from the stale claim payment due to Contractor.

6. **INSPECTION & AUDIT.** Contractor agrees to keep and maintain under generally accepted accounting principles (GAAP) and as required by Commission and federal law, complete and accurate records as are necessary to fully disclose to the Commission or United States Government, sufficient information to determine compliance with all State and federal regulations and statutes, and compliance with the terms of this contract, and agrees that such documents will be made available for inspection upon reasonable notice from authorized representatives of the Commission or Federal Government.

7. **CONTRACT TERMINATION.**

A. Termination Without Cause. Regardless of any terms to the contrary, this Contract may be terminated upon written notice by mutual consent of both parties. The Commission unilaterally may terminate this contract without cause by giving not less than thirty (30) days' notice in the manner specified in *Section 2, Notice*. If this Contract is unilaterally terminated by the Commission, Contractor shall use its best efforts to minimize cost to the Commission and Contractor will not be paid for any cost that Contractor could have avoided.

B. Commission Termination for Non-Appropriation. The continuation of this Contract beyond the current biennium is subject to and contingent upon sufficient funds being appropriated, budgeted, and otherwise made available by the State Legislature and/or federal sources. The Commission may terminate this Contract, and Contractor waives any and all claims(s) for damages, effective immediately upon receipt of written notice (or any date specified therein) if for any reason the Commission's funding from State and/or federal sources is not appropriated or is withdrawn, limited, or impaired.

C. Termination with Cause for Breach. A breach may be declared with or without termination. A notice of breach and termination shall specify the date of termination of the Contract, which shall not be sooner than the expiration of the Time to Correct, if applicable, allowed under *Subsection 7D*. This Contract may be terminated by either party upon written notice of breach to the other party on the following grounds:

- 1) If Contractor fails to provide or satisfactorily perform any of the conditions, work, deliverables, goods, or services called for by this Contract within the time requirements specified in this Contract or within any granted extension of those time requirements; or

Contract #:	FY25-C004
Solicitation #:	

- 2) If any state, county, city, or federal license, authorization, waiver, permit, qualification or certification required by statute, ordinance, law, or regulation to be held by Contractor to provide the goods or services required by this Contract is for any reason denied, revoked, debarred, excluded, terminated, suspended, lapsed, or not renewed; or
- 3) If Contractor becomes insolvent, subject to receivership, or becomes voluntarily or involuntarily subject to the jurisdiction of the Bankruptcy Court; or
- 4) If the Commission materially breaches any material duty under this Contract and any such breach impairs Contractor's ability to perform; or
- 5) If it is found by the Commission that any quid pro quo or gratuities in the form of money, services, entertainment, gifts, or otherwise were offered or given by Contractor, or any agent or representative of Contractor, to any officer or employee of the State of Nevada with a view toward securing a contract or securing favorable treatment with respect to awarding, extending, amending, or making any determination with respect to the performing of such contract; or
- 6) If it is found by the Commission that Contractor has failed to disclose any material conflict of interest relative to the performance of this Contract.

D. **Time to Correct.** Unless the breach is not curable, or unless circumstances do not permit an opportunity to cure, termination upon declared breach may be exercised only after service of formal written notice as specified in **Section 2, Notice**, and the subsequent failure of the breaching party within fifteen (15) calendar days of receipt of that notice to provide evidence, satisfactory to the aggrieved party, showing that the declared breach has been corrected. Upon a notice of breach, the time to correct and the time for termination of the contract upon breach under **Subsection 7C**, above, shall run concurrently, unless the notice expressly states otherwise.

8. **REMEDIES.** Except as otherwise provided for by law or this Contract, the rights and remedies of the parties shall not be exclusive and are in addition to any other rights and remedies provided by law or equity, including, without limitation, actual damages, and to a prevailing party reasonable attorneys' fees and costs. For purposes of an award of attorneys' fees to either party, the parties stipulate and agree that a reasonable hourly rate of attorneys' fees shall be one hundred and fifty dollars (\$150.00) per hour.
9. **LIMITED LIABILITY.** The Commission will not waive and intends to assert available NRS Chapter 41 liability limitations in all cases. Contract liability of both parties shall not be subject to punitive damages. Damages for any Commission breach shall never exceed the amount of funds appropriated for payment under this Contract, but not yet paid to Contractor, for the Fiscal Year budget in existence at the time of the breach. Contractor's tort liability shall not be limited.
10. **INDEMNIFICATION AND DEFENSE.** To the fullest extent permitted by law, Contractor shall indemnify, hold harmless and defend, not excluding the Commission's right to participate, the Commission from and against all liability, claims, actions, damages, losses, and expenses, including, without limitation, reasonable attorneys' fees and costs, to the extent arising out of any breach of the obligations of Contractor under this Contract, or any negligent or willful acts or omissions of Contractor, its officers, employees and agents. Contractor's obligation to indemnify the Commission shall apply in all cases except for claims arising solely from the Commission's own negligence or willful misconduct as determined by a trier of fact. Contractor waives any rights of subrogation against the Commission.
11. **REPRESENTATIONS REGARDING INDEPENDENT CONTRACTOR STATUS.** Contractor represents that it is an independent contractor, as defined in NRS 333.700(2) and 616A.255, warrants that it will perform all work under this contract as an independent contractor, and warrants that the Commission will not incur any employment liability by reason of this Contract or the work to be performed under this Contract. To the extent the Commission incurs any employment liability for the work under this Contract; Contractor will reimburse the Commission for that liability.
12. **INSURANCE SCHEDULE.** Unless expressly waived in writing by the Contracting Agency, Contractor must procure, maintain and keep in force for the duration of the Contract insurance conforming to the minimum requirements specified below. Each insurance policy shall provide for a waiver of subrogation against the Commission, its officers, employees and immune contractors as defined in NRS 41.0307, for losses arising from work/materials/equipment performed or provided by or on behalf of Contractor. By endorsement to Contractor's automobile and general liability policies, the

Contract #:	FY25-C004
Solicitation #:	

“Nevada Commission for the Reconstruction of the V&T Railway” shall be named as an additional insured with respect to liability arising out of the activities performed by, or on behalf of Contractor. Contractor shall not commence work before Contractor has provided evidence of the required insurance in the form of a certificate of insurance and endorsement to the Nevada Commission for the Reconstruction of the V&T Railway.

A. Workers’ Compensation and Employer’s Liability Insurance.

- 1) Contractor shall provide proof of worker’s compensation insurance as required per Nevada Revised Statutes Chapters 616A through 616D inclusive.
- 2) If Contractor qualifies as a sole proprietor as defined in NRS Chapter 616A.310 and has elected to not purchase industrial insurance for himself/herself, the sole proprietor must submit to the Commission a fully executed “Affidavit of Rejection of Coverage” form under NRS 616B.627 and NRS 617.210.

B. Commercial General Liability – Occurrence Form. The Policy shall include bodily injury, property damage and broad form contractual liability coverage.

- | | |
|--|-------------|
| 1) General Aggregate | \$2,000,000 |
| 2) Products – Completed Operations Aggregate | \$1,000,000 |
| 3) Personal and Advertising Injury | \$1,000,000 |
| 4) Each Occurrence | \$1,000,000 |

Mail all required insurance documents to the Contracting Agency identified on page one of the Contract.

13. **WAIVER OF BREACH.** Failure to declare a breach or the actual waiver of any particular breach of the Contract or its material or nonmaterial terms by either party shall not operate as a waiver by such party of any of its rights or remedies as to any other breach.
14. **SEVERABILITY.** If any provision contained in this Contract is held to be unenforceable by a court of law or equity, this Contract shall be construed as if such provision did not exist and the non-enforceability of such provision shall not be held to render any other provision or provisions of this Contract unenforceable.
15. **COMMISSION OWNERSHIP OF PROPRIETARY INFORMATION.** Any data or information provided by the Commission to Contractor and any documents or materials provided by the Commission to Contractor in the course of this Contract (“Commission Materials”) shall be and remain the exclusive property of the Commission and all such Commission Materials shall be delivered into Commission possession by Contractor upon completion, termination, or cancellation of this Contract.
16. **PUBLIC RECORDS.** Pursuant to NRS 239.010, information or documents received from Contractor may be open to public inspection and copying. The Commission may have the duty to disclose unless a particular record is made confidential by law or a common law balance of interests.
17. **GENERAL WARRANTY.** Contractor warrants that all services, deliverables, and/or work products under this Contract shall be completed in a workmanlike manner consistent with standards in the trade, profession, or industry; shall conform to or exceed the specifications set forth in the incorporated attachments; and shall be fit for ordinary use, of good quality, with no material defects.
18. **GOVERNING LAW: JURISDICTION.** This Contract and the rights and obligations of the parties hereto shall be governed by, and construed according to, the laws of the State of Nevada, without giving effect to any principle of conflict-of-law that would require the application of the law of any other jurisdiction. The parties’ consent to the exclusive jurisdiction of and venue in the First Judicial District Court, Carson City, Nevada for enforcement of this Contract, and consent to personal jurisdiction in such court for any action or proceeding arising out of this Contract.

Contract #:	FY25-C004
Solicitation #:	

19. **ENTIRE CONTRACT AND MODIFICATION.** This Contract and its Scope of Work constitute the entire agreement of the parties and as such are intended to be the complete and exclusive statement of the promises, representations, negotiations, discussions, and other agreements that may have been made in connection with the subject matter hereof. Unless otherwise expressly authorized by the terms of this Contract, no modification or amendment to this Contract shall be binding upon the parties unless the same is in writing and signed by the respective parties hereto. This form of Contract, including any amendments to the Contract, is not authorized for use if the “not to exceed” value *Section 4, Consideration* equals or exceeds \$50,000. This Contract, and any amendments, may be executed in counterparts.
